

Fig.1 – For assembly on supports, the SA-frame must be positioned vertically!
Fig.2 – When winches 1+2 with rope are installed,
or winch 1 with rope is installed, then the SA-frame
can also be placed down on supports.

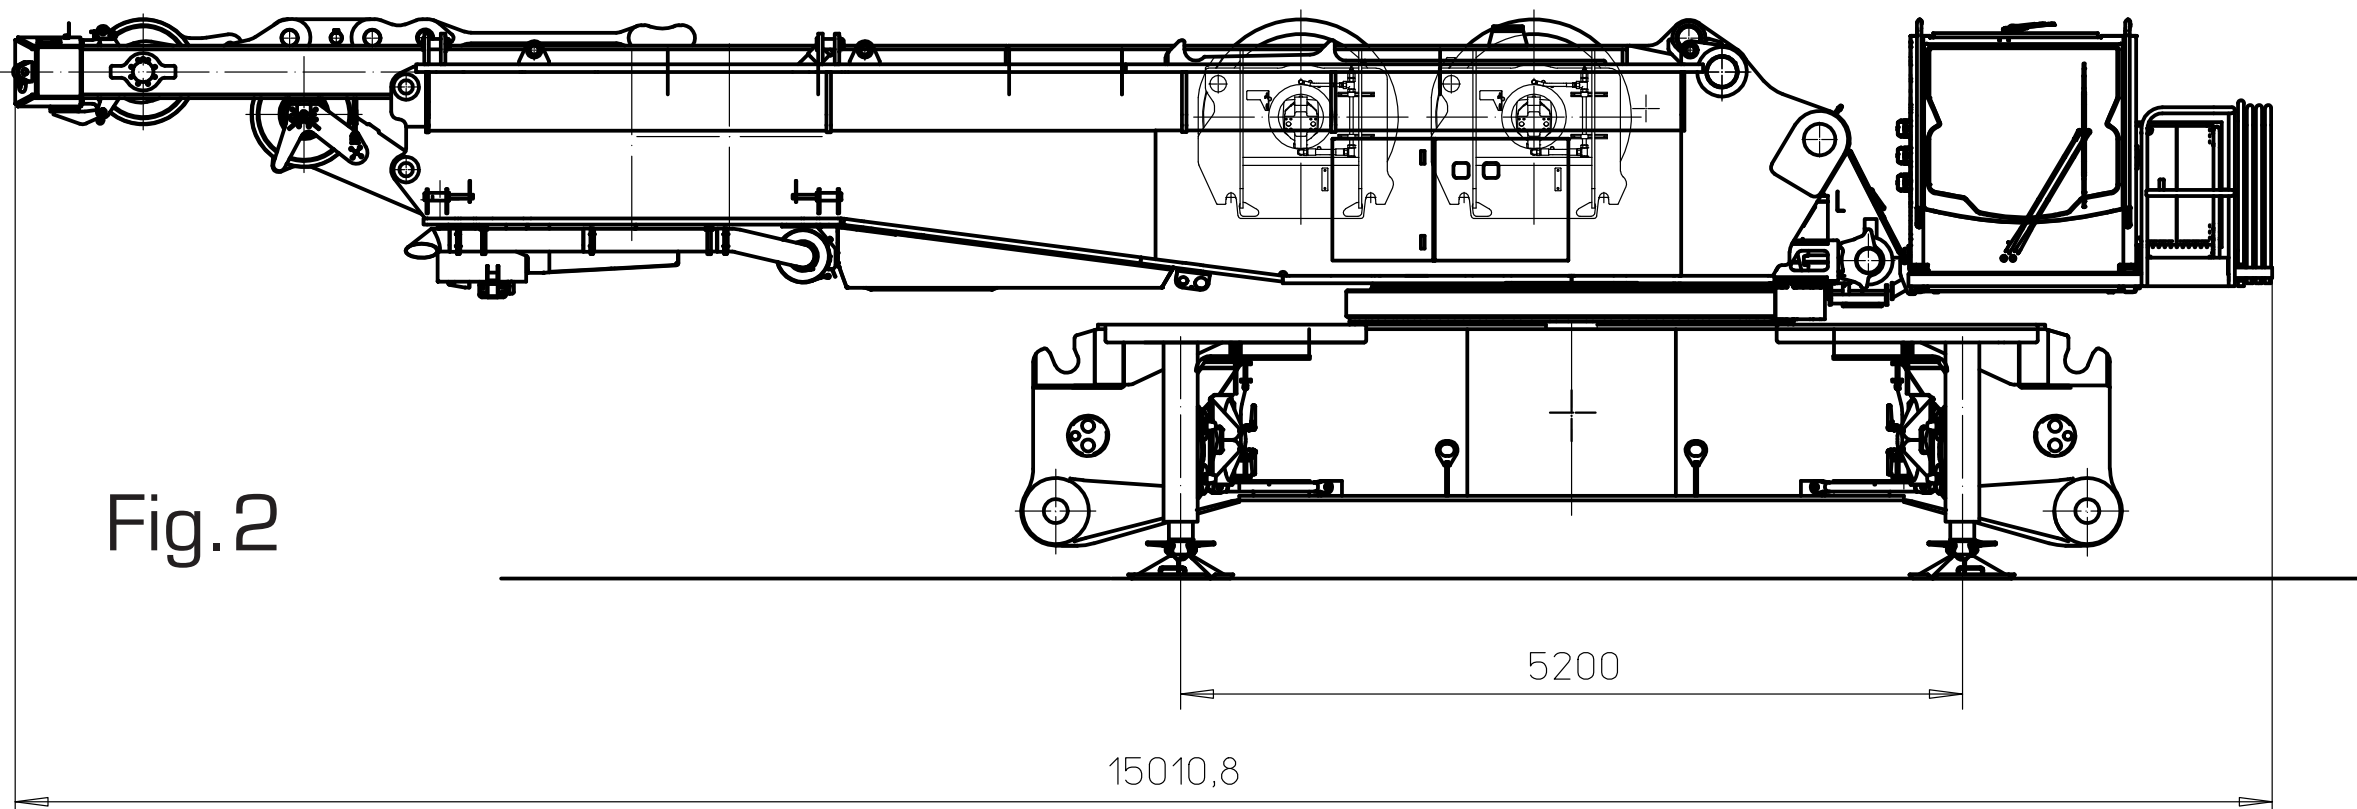

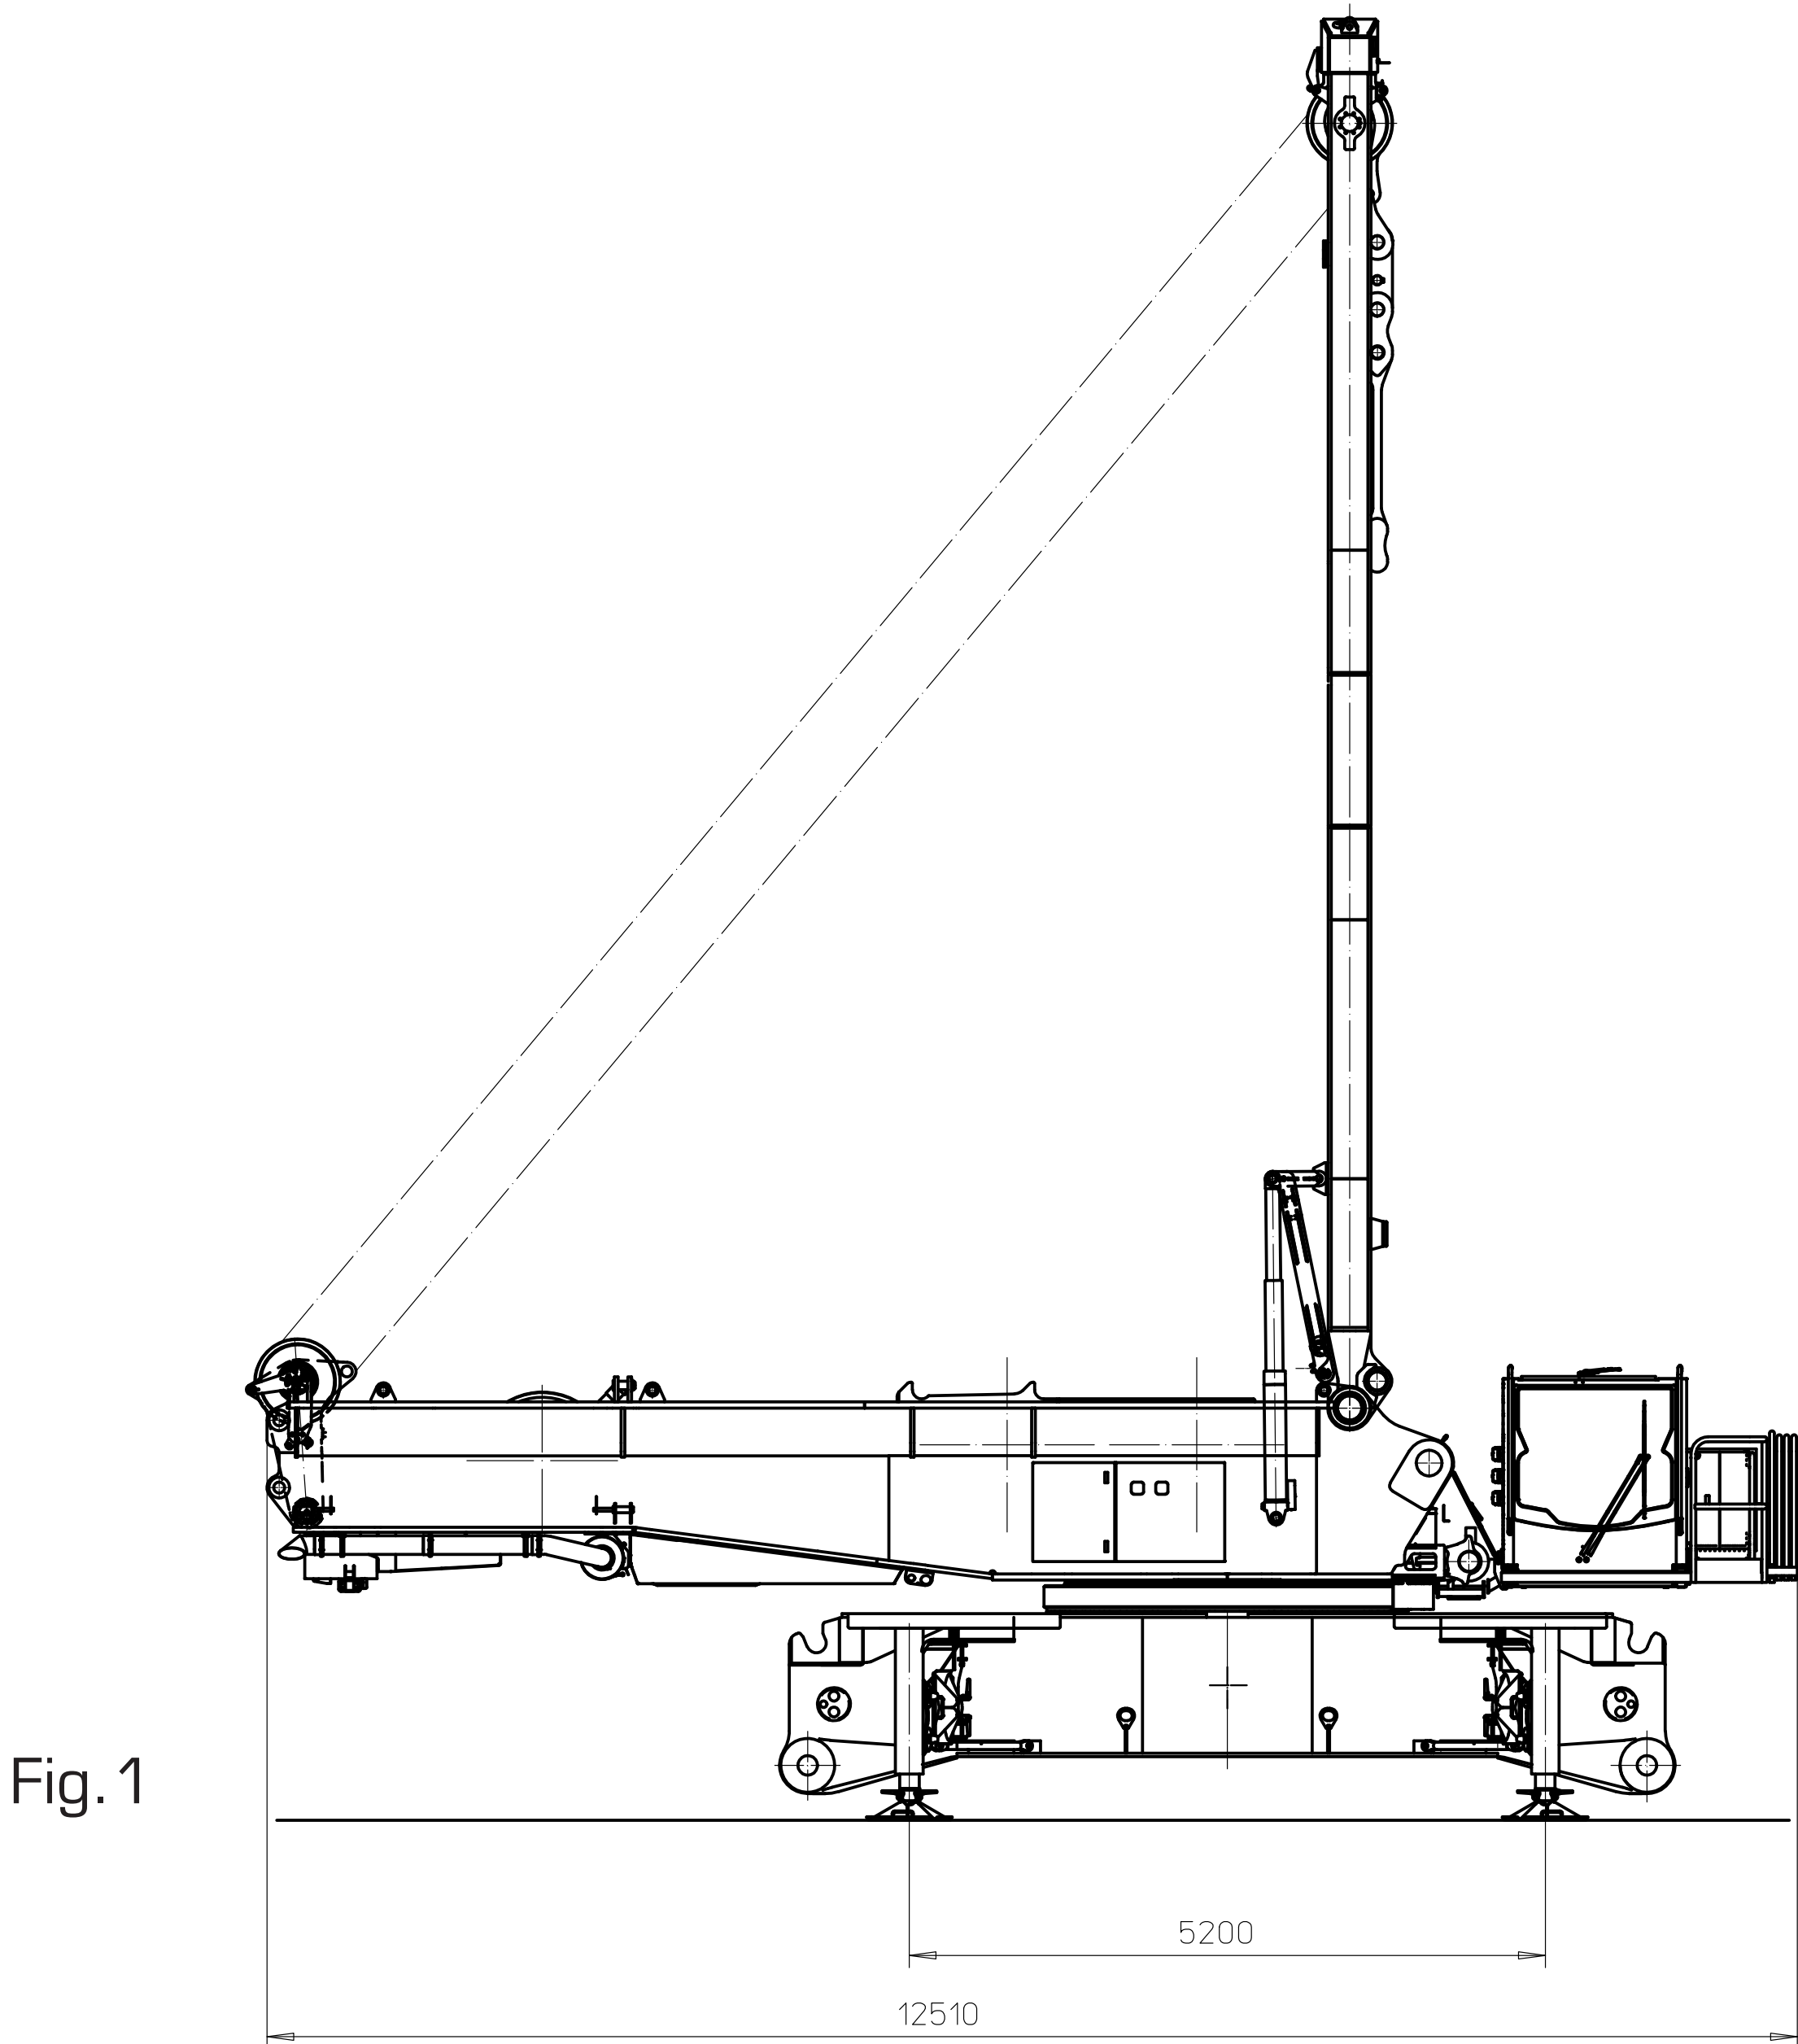

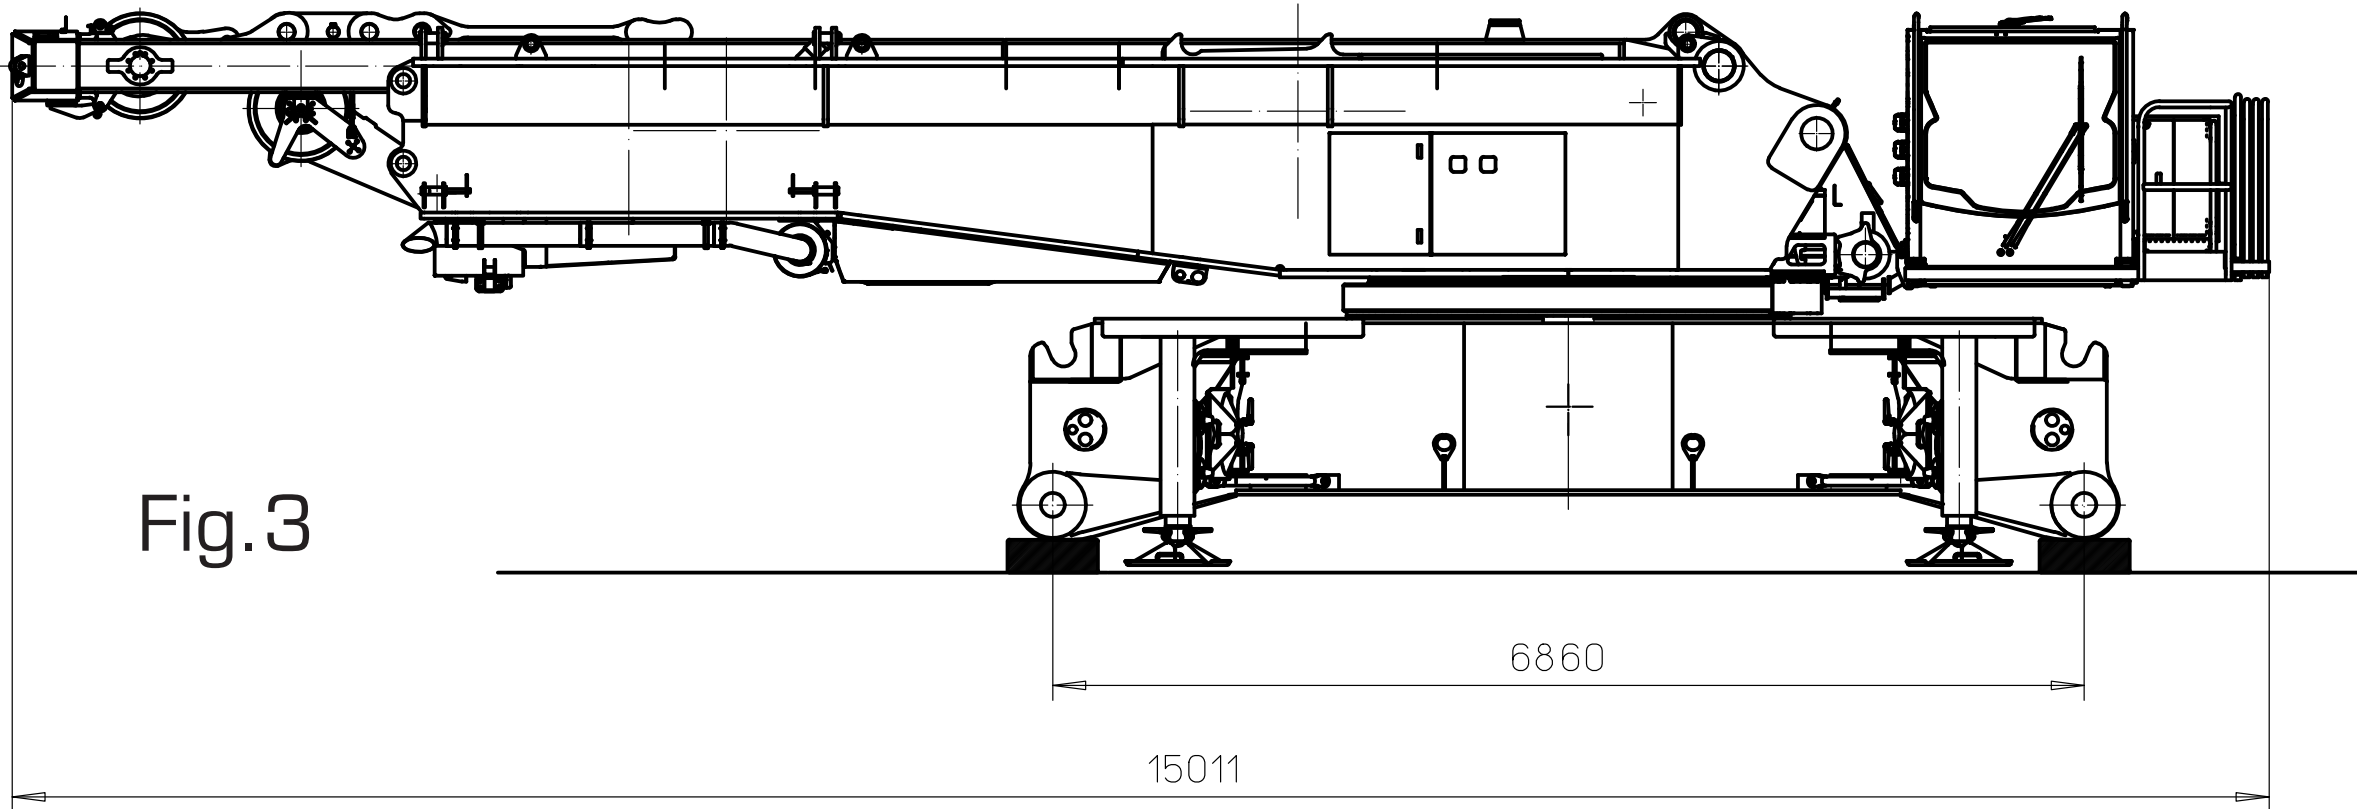

Fig.3 – For supported assembly, the SA-frame can be placed down, however the
turntable may not be turned - Danger of tipping!

Applies for with or without Quick Connection
